

Terms of delivery for equipment containing hazardous substances

Together we make our work a lot safer!

Turning in your mask properly?

Watch this video ►

- ✓ Make sure it is clean and dust-free before packaging
- ✓ Deliver bag/bag/box/barrel/object free of dust on the outside
- ✓ Mark exterior of the bag or transport box with asbestos logo
- ✓ Do not leave any unnecessary items behind, such as dirty filters and slippers.

If in doubt, our driver will contact Dehaco and, if applicable, ask you to repackage the equipment in the appropriate manner.

Questions? Feel free to call or email us!
